Symbol:	SILI150X220
Manufacturer:	NINIGI
Product groups:	Radiators - accessories

Product specifications

Type of thermally conductive pad:	silicone rubber
Length:	220 mm
Width:	150 mm
Thickness:	0.23 mm
Thermal conductivity:	1 W/mK
Flammability rating:	UL94V-0
Operating temperature:	-60...200 °C
Variant:	glueless, glass fibre reinforced
Min. breakdown voltage:	5 kV/mm

Additional information

Gross weight:	0.013 kg

Quantity in collective package [pcs]:	100
